Product ID: VEOMNIGDISP11 - Omniscent Large Space Fragrance System .Will Fragrance an area of up to 500 cubic metres

Omniscent fragrance delivery system is unique in its ability to provide continuous and consistent fragrance delivery to large interior spaces, whilst providing total user control of output and intensity, creating a positive user experience in areas such as gyms, reception areas and hotels.

An Omniscent unit will fragrance an area of up to 500 cubic metres.

The range of Omniscent fragrances are extensive and are created from natural essential oils derived from wood, fruit, spices, flowers etc. We can also recreate a specific, or create a bespoke fragrance, when required.

Features:

- Fully programmable for fragrance intensity and dispersal
- Suitable for fixed or portable applications
- Choice of low / medium / high output options, hours of operation, days of operation
- Solid State Ceramic Fragrance Cartridge - easily replaced, safe to handle
- Low fan noise for discreet operation
- Stylish slim design suitable for any location
- Key lock for added security
